

*for Store Interiors*

The sheer beauty of clean walls such as these inspires confidence in the cleanliness and quality of the merchandise displayed. Presdwood Temptrtile is easily kept clean, and will not crack, chip nor warp. It pays big dividends to grocery stores, drug stores, cafes and wherever a "quality" atmosphere is important.

# The Beauty of Gleaming Walls

*at a cost to fit modest purses*

Sleek, lovely, marble-like surfaces that denote luxury and splendor no longer are beyond the reach of modest incomes. Masonite Presdwood Temprtile and Tempered Presdwood — hard all-wood boards that endure for a lifetime — can be installed at a surprisingly low cost.

Thousands of home owners are using them on the walls of their kitchens and bathrooms. These gleaming surfaces can be finished in a variety of colors. They can be easily cleaned. They are

highly moisture-resistant, and properly applied they will not chip, crack nor buckle.

You may prefer large panels of Tempered Presdwood, decorated by any good painter into a lovely pastel hue, and banded by strips of chromium or stainless steel in modern designs. Or you may choose Presdwood Temprtile, grooved in the form of squares as illustrated above. Or you may purchase Presdwood Temprtile custom-finished — and ready for use on your walls.
